

1 THE CHAIRMAN: An amendment to this section?

2 DELEGATE SICKLES: Yes.

3 It apparently has not been reproduced as yet.

4 I discussed it late this afternoon. Mr. Benson  
5 talked to me about 8:30 about it.

6 THE CHAIRMAN: We will check on it.

7 Does any other delegate desire to speak in  
8 favor of the amendment?

9 Delegate Sherbow.

10 DELEGATE SHERBOW: I ask you to vote for this  
11 amendment. This is one of the few times I find myself with  
12 brother Weidemeyer.

13 I tried, along with other lawyers in that case,  
14 the other side of that argument. We tried to convince  
15 the Court of Appeals that under the highly technical as-  
16 pects of our law, that holding membership in the Constitu-  
17 tional Convention was not an office of profit. I assure you,  
18 it was a very, very delicate constitutional problem, be-  
19 cause in my own mind I wasn't too sure if certain groups were  
20 prevented from running for this office that we would have had  
21 a Constitutional Convention.
